

Timetable for Applications for Membership and Admittance 2023

Scrutiny of membership applications is arguably the most important task of the Membership Committee and to do so Out of Committee (OOC) may only be considered for exceptional cases/situations.

There is a process to be followed to enable the membership staff in the Company office to complete the administration of applications in good time to ensure that all eligible nominations for admittance are submitted to the next available Membership Committee meeting and the subsequent meeting of the Court.

The 2023 timetable for applications and the admittance process is as follows:
